100W brightness solar integrated machine

Overview

The GGISSL-100W All-In-One Solar Street Light delivers clean energy with light energy charging, ensuring brightness even on rainy days. Designed for wide lighting coverage, this solar street light combines efficiency and reliability, offering sustainable illumination for every.

The GGISSL-100W All-In-One Solar Street Light delivers clean energy with light energy charging, ensuring brightness even on rainy days. Designed for wide lighting coverage, this solar street light combines efficiency and reliability, offering sustainable illumination for every.

Solar integrated lamp, also known as integrated solar street lamp, is a solar street lamp with high efficiency solar panel, 8-year ultra-long life lithium battery, high light efficiency LED and intelligent controller, PIR human body induction module, anti-theft installation support and so on, also.

The GGISSL-100W All-In-One Solar Street Light delivers clean energy with light energy charging, ensuring brightness even on rainy days. Designed for wide lighting coverage, this solar street light combines efficiency and reliability, offering sustainable illumination for every environment.

This all-in-one designed 100 watt solar powered street light with auto dusk to dawn light control and motion sensor, built-in 18v 130wp big mono solar panel and 12.8v 63ah large capacity lifepo4 battery, it can be fully charged with 6-8 hours and produce up to 10,000 lumens high brightness. It is.

Industrial LED Solar Street Light - Outshines HPS lights with energy efficiency, durability, and solar power. Built to withstand harsh conditions. Learn more: [Solar Lights & Benefits of LED Solar Lights](#). Dimension LED Pendant Light combines style and energy efficiency for homes and offices. Ideal.

ISSL-BRZ-100W Working Temp. Color Temp. DISTRIBUTIONS & IES TYPE DIALUX SIMULATION REPORT (Valuation Field Roadway) .

The 100W all in one solar street light represents a cutting-edge advancement in sustainable outdoor lighting technology. This comprehensive lighting

solution integrates solar panels, high-capacity lithium batteries, intelligent controllers, and efficient LED lights into a single, streamlined unit.
