

## A-Core Container

# 12v to 220v pure sine wave AC inverter

## Overview

---

1500W 220V DC to AC Pure Sine Wave Inverter, 92% efficient, for 12V, 24V, 48V battery systems with lead-acid or lithium battery, CE certified with 1 year warranty. This 1500W Inverter can reverse the DC power from the battery into 220V AC power.

1500W 220V DC to AC Pure Sine Wave Inverter, 92% efficient, for 12V, 24V, 48V battery systems with lead-acid or lithium battery, CE certified with 1 year warranty. This 1500W Inverter can reverse the DC power from the battery into 220V AC power.

□Why choose it□This pure sine wave inverter is a power converter that converts 12V/24V/48V/60V DC to 220V AC. The output power can be used for a variety of device types, making it the ultimate car charger for car travel, vacations or remote workplaces. □Multiple Protections□Low voltage, overload.

Finding a reliable 12 volt to 220 volt inverter is essential for converting DC power from batteries into steady AC power for various applications. Whether for home backup, RV trips, camping, or solar energy systems, the right inverter ensures safe, efficient power delivery to your electronics.

1500W 220V DC to AC Pure Sine Wave Inverter, 92% efficient, for 12V, 24V, 48V battery systems with lead-acid or lithium battery, CE certified with 1 year warranty. This 1500W Inverter can reverse the DC power from the battery into 220V AC power. Through a full-bridge circuit, usually using an SPWM.

inverter can convert DC12V to AC 220V, with professional and stable performance. Digital display, high definition, clear and intuitive. It is equipped with a pair of connecting wires for easy use. With remote switch, USB socket and two CA sockets, it is easy to use. Tourism, vacation, activities.

POWERFUL DC-AC: 3000W continuous, 6000W peak surge during load start-up, 12V DC to 220V / 230V AC pure sine wave with conversion efficiency >92%, lowers conversion loss. SAFETY FIRST: 6-layer protection in one inverter ensure the safe use, including alarm and protection of overload, short circuit.

High quality digital display 5000 watt pure sine wave inverter DC 12 volt. Low voltage, over voltage, over load, over temperature, short circuit and input reverse polarity protect function of pure sine inverter. Operating temperature of 5000 watt pure sine wave power inverter between -10 °C to 50 °C.
