

A-Core Container

215 kWh energy storage battery

Overview

Does hisbatt 215-a come with a power inverter?

HISbatt 215-A comes with an integrated cooling system (HVAC), a fire suppression system, and a power inverter installed with the safest LFP battery cells. Besides this, our cabinet housing is crafted meticulously to withstand outdoor environmental conditions.

Why should you use a battery energy storage system?

Shave offload peaks for your commercial or industrial business with reliable battery energy storage systems. Store excess energy from your solar panels to increase PV self-consumption and decrease dependence on the expensive grid for an efficient power storage system.

Does his-energy offer a turnkey battery storage solution?

At HIS-Energy our aim is to deliver our clients with fully integrated turnkey battery storage solutions. HISbatt 215-A comes with an integrated cooling system (HVAC), a fire suppression system, and a power inverter installed with the safest LFP battery cells.

What is his-energy's premium Battery Cabinet?

HIS-Energy's Premium Battery Cabinet Solution: Engineered for Both Outdoor (IP54 Rated) and Indoor Installations. From peak shaving and emergency power supply to powering EV charging stations, our smart HIS- EMS seamlessly manages your energy needs.

How does hisbatt-215a integrate with my existing infrastructure?

HISbatt-215A integrates seamlessly with your existing infrastructure due to our intelligent and flexible HISEnergy Management System (EMS). At HIS-Energy our aim is to deliver our clients with fully integrated turnkey battery storage solutions.

Is hisbatt 215-a forklift-ready?

All our battery solutions are forklift-ready and can be easily installed at the site. HISbatt 215-A arrives on-site fully equipped with all necessary components, embodying the essence of convenience with our plug-and-play feature.
