Asian power inverter custom manufacturer

Overview

Who is hzinverter - China inverter factory?

Hzinverter - China Inverter Factory | Hi-zeal, established in 2005, is committed to manufacturing professional inverters. We aim to make the purchase of Chinese electronic equipment fast and efficient. Explore now to view the newest releases from Hi-zeal.

Which inverter series is best for ground-mounted PV power stations?

Among these, the three-phase inverter series is the best choice for ground-mounted PV power stations. PrimeVOLT inverters are suitable for PV power stations located at various locations, such as rooftops, as well as ground-mounted and floating applications.

Does hzinverter have a suitable inverter?

HziNverter has a variety of inverter for you to choose from, and provides the most suitable inverter for your needs. If there is no suitable inverter, we have professional engineers to design one for you.

Are primevolt inverters suitable for PV power stations?

PrimeVOLT inverters are suitable for PV power stations located at various locations, such as rooftops, as well as ground-mounted and floating applications. PrimeVOLT is your effective partner to achieve the highest value for your investment. The results for PV inverter shipments in the first half of 2021 have now been released.

Which power inverters meet RoHS requirements?

Our products all meet RoHS related requirements. The Asian Electron R&D team has developed a multiple series of power inverters, which are suitable for all kinds of AC appliances, transforming DC inputs of 12 VDC, 24 VDC or 48 VDC, 110VDC or 220VDC into the pure sine wave form of 115 VAC or 230 VAC.

What is primevolt solar inverter?

PrimeVOLT aims to create a sustainable green future with you by offering competitive inverter solutions. In response to the recent international market demand, PrimeVOLT has produced a series of photovoltaic grid-connected inverters, including 1-10kW single phase on-grid solar inverters, and 6-125kW three phase on-grid solar inverters.
