Australian power inverter manufacturer

Overview

Who is the best solar inverter manufacturer in Australia?

Fronius is undeniably one of the top solar inverter manufacturers in Australia, making a significant contribution to the country's transition towards renewable energy. Selectronic Australia, a home-grown pioneer in power solutions and one of Solar Panel Manufacturers in Australia, has been serving the Australian market since 1964.

Is Sungrow Australia's leading solar inverter manufacturer?

Sydney, Australia - 6 May, 2025 — Sungrow, a global leading PV inverter and energy storage system provider, has been officially recognised as the No.1 Inverter Manufacturer and No.1 Residential Battery Manufacturer in Australia for 2024, according to the latest rankings released by SunWiz, a leading Australian solar industry authority.

Are AERL solar inverters Australian made?

AERL's inverter range includes models designed for various applications, such as residential solar systems, remote power systems, and larger, grid-connected solar power plants. Their inverters are Australian made, specifically designed to withstand the harsh and varied Australian conditions.

Who is ABB Australia?

ABB Australia, a part of the global technology group ABB, is a leading provider of inverter solutions for the Australian market. With a strong reputation for innovation, quality, and reliability, ABB Australia offers a comprehensive range of inverter products for various applications, from residential solar setups to utility-scale solar plants.

Who makes Sungrow solar inverters?

One off-site manufacturer is Sungrow Australia Group Pty. Ltd, which is part of Sungrow Power Supply Co, Ltd. The office of Sungrow Australia has been

located in Sydney since 2012. Over the years, the company has grown rapidly. As a result, Sungrow Australia now has one of the largest solar inverter manufacturing teams in the country.

Who makes Ge solar inverters?

GE started selling its solar inverters in 2021, even though the company has been around for over 120 years. Interestingly, the first place to get these products was Australia. Plus, GE has a special licensing deal with GoodWe, so all GE inverters are made by GoodWe.
