# Bhutan solar Energy Storage Plant

## Overview

---

Bhutan's Ministry of Energy and Natural Resources has inaugurated the country's first utility-scale solar power plant. The Sephu solar project, located in the town of Wangdue Phodrang towards the centre of the country, occupies around 44 acres (17 hectares) of state-owned land.

Bhutan's Ministry of Energy and Natural Resources has inaugurated the country's first utility-scale solar power plant. The Sephu solar project, located in the town of Wangdue Phodrang towards the centre of the country, occupies around 44 acres (17 hectares) of state-owned land.

As Bhutan's glaciers melt and hydropower becomes increasingly vulnerable to climate change, the Kingdom is turning its face toward the sun—literally. With rising temperatures and erratic rainfall threatening its energy lifeline, Bhutan is quietly investing in solar power as a resilient alternative.

Reliance Power, a major Indian energy conglomerate, has announced a significant renewable energy initiative in Bhutan, according to reports from Indian media. The company has entered into a strategic partnership with Green Digital, a subsidiary of Druk Holding and Investments (DHI)—the investment.

Bhutan's Ministry of Energy and Natural Resources has inaugurated the country's first utility-scale solar power plant. The Sephu solar project, located in the town of Wangdue Phodrang towards the centre of the country, occupies around 44 acres (17 hectares) of state-owned land. It currently has a.

The Department of Energy, MoENR announces the commissioning of Phase I (17.38 MWp) of the Sephu Solar Project in Sephu Gewog, Wangdue Phodrang, marking the launch of the country's first utility scale solar photovoltaic power plant implemented by the Government. Commissioning of the Phase-I of the.

Bhutan has launched its National Solar Energy Roadmap, aiming to diversify its energy sources and enhance energy security as it prepares for increased electricity demand. The roadmap emphasizes solar energy as a crucial step towards achieving energy self-sufficiency by 2025, a goal that aligns with.

Reliance Power has signed an agreement with Bhutan's Green Digital Private Limited to build the country's biggest solar plant. The project will generate 500 MW of electricity and will help Bhutan grow its clean energy capacity. This is a 50-50 joint venture between Reliance Power and Bhutan's main.
