Bulgarian energy storage system companies

Overview

What is the largest battery storage system in Bulgaria?

EU's largest battery storage system inaugurated in Bulgaria, ceenergynews. Largest battery storage system in Balkans commissioned in Bulgaria, Balkan Green Energy News. Bulgaria opens EU's largest battery energy storage facility, bne IntelliNews. Bulgaria inaugurates 496 MWh battery system - pv magazine International, pv magazine International.

What can boost battery storage in Bulgaria?

Another development that can boost battery storage in Bulgaria is a recent update of national legislation to include battery energy storage systems as a component of the grid.

How much battery energy storage capacity does Bulgaria have?

Bulgaria has installed between 40 MWh and 50 MWh of battery energy storage capacity to date. However, new national legislation as well as funds provided through the European Union's Recovery and Resilience Facility (RRF) could add another 1 GWh of storage capacity over the next two years.

How many battery containers are there in Bulgaria?

The facility consists of 111 battery containers and was developed by Advance Green Energy. It aims to stabilize the energy grid and ensure price predictability for consumers. The project is part of Bulgaria's broader goal to achieve 10 GWh of battery storage capacity by next year.

How much does a battery cost in Bulgaria?

Currently, Bulgaria's electricity market offers an opportunity for €110 (\$122) per MWh profit on battery energy storage with two hours of discharge capacity using energy arbitrage. Rystad Energy's analysis estimates battery system costs at a flat €60 (\$67) per MWh.

How much money does the Bulgarian Energy Ministry provide for energy storage?

The Bulgarian Energy Ministry opened a tender procedure for supply of energy storage on August 21, 2024. The procedure aims to provide funding for construction and implementation of a 3,000 MWh stand-alone battery storage facility. The total amount of the grant that can be provided under the procedure is €590 million (\$ 536 million).
