Cuban rural solar panel manufacturers

Overview

It's very sad what's happening in Cuba right now: solar panels are sold at a surcharge (\$200 or \$250) per panel, and then inverters and batteries are sold that often don't work with the panels because they aren't compatible.

It's very sad what's happening in Cuba right now: solar panels are sold at a surcharge (\$200 or \$250) per panel, and then inverters and batteries are sold that often don't work with the panels because they aren't compatible.

The company produces high-efficiency monocrystalline and polycrystalline solar panels, inverters, lithium, AGM and gel batteries, installation systems, and MPPT and PWM charge controllers, with power ranges from 5W to more than 650W per panel. "In my neighborhood, when there are blackouts, my house.
