Dimensions of a 530W solar panel

Overview

With the model number KDM530-144HF and utilizing advanced 182mmx91mm half cells, this solar panel is engineered for exceptional performance. Ideal for residential, commercial, and utility-scale applications, the panel's dimensions of 2279*1133*35mm make integration seamlessly.

With the model number KDM530-144HF and utilizing advanced 182mmx91mm half cells, this solar panel is engineered for exceptional performance. Ideal for residential, commercial, and utility-scale applications, the panel's dimensions of 2279*1133*35mm make integration seamlessly.

You can find typical dimensions of 100W, 150W, 170W, 200W, 200W, 220W, 300W, 350W, 400W, and 500W solar panels summarized in the chart below. But, just to emphasize the problem, let's have a look at how the standard solar panel sizes are usually explained. They are not expressed as dimensions for.

SIL-530-XM is part of the NTC Series — one of the most recent made by Silfab. These panels employ cutting-edge technologies to achieve superior efficiency and reliability. The Passivated Emitter Rear Contact (PERC) technology ensures excellent power output. This solar cell type employs an.

530W panels deliver optimal power density: With efficiency ratings of 20-22%, these panels generate nearly double the power of traditional 300W modules while fitting standard residential roof layouts, making them ideal for space-constrained installations in 2025. Advanced half-cell technology.

Solar Panel, Commercial Series, 530 Watt, Bifacial, 132 Half-Cell, 1500 Volt DC, 82.600 x 44.60 x 1.370 Inch (35mm Frame), 57.800 Pounds, Aluminum With Silver Finish Sign In or Register to view pricing and more. Solar Panel, Commercial Series, 530 Watt, Bifacial, 132 Half-Cell, 1500 Volt DC, 82.600.

JA D30 Series bifacial modules are assembled with 11BB PERCIUM cells in half cut configuration with glass on front and back. D30 series modules have a slightly larger footprint than D10 series. Module cables are also 1300mm (slightly longer than previous series). Key Features - Assembled with.

Introducing the 530W Mono Solar Panel-a pinnacle of energy efficiency and reliability. With the model number KDM530-144HF and utilizing advanced 182mmx91mm half cells, this solar panel is engineered for exceptional performance. Ideal for residential, commercial, and utility-scale applications, the.
