Fair Outdoor Power

Overview

The China International Exhibition on Landscape and Greening Industry and Outdoor Power Equipment (referred to as the 'Outdoor Power Exhibition') will be grandly held from November 12th to 14th, 2025 at the Nanjing International Expo Center. Why should you attend the electric power exhibition?

Over 30 years successful track record and experience, it has become the largest and the most reputable electric power exhibition and has been widely recognized by global market leaders and international trade associations.

What is gpower exhibition?

China (Shanghai) International Power and Generating Sets Exhibition ("GPOWER" for short) was founded in 2002, held in Shanghai every spring. It brings "latest information, newest products" for the industry, and wins the praise and favor of many exhibitors and visitors.

What is Power Expo?

EPOWER EXPO serves as an innovative ecosystem platform that aggregates premium resources to energize industrial chain collaboration. By deeply integrating "Exhibition + Conference," it focuses on new-type power systems through technical pathways, policy frameworks, and practical implementations.
