

A-Core Container

Fixed solar power system for home use

Battery String-S224

- 1C Charge/Discharge
- Easy configuration and maintenance
- Power supply can be single battery string or parallel battery strings

Overview

Going solar isn't quite an overnight process. If you're considering going solar, you'll need to find installers, compare quotes, and wait for the installation to be complete.

Let's start with the fundamentals of home solar, including how solar panels work, the equipment and the size system you need, and the pros and cons.

Before going solar, there are a few boxes you should be checking off to ensure you're making the right decision.
