Ghana solar panel specifications and models

Overview

How much solar energy does Ghana receive?

Ghana receives an abundant amount of solar energy, with daily irradiation levels ranging between 4 kWh/m² to 6 kWh/m² and an annual sunshine duration of 1800 to 3000 hours per annum, which possibly enables grid connection.

Who is Suka solar Ghana?

Suka Solar Ghana - Efficient Energy Systems - Greener and Energy Efficient Systems. Leading the Charge in Solar & Renewable Energy Across Ghana & West Africa. We merge global expertise with local insights to deliver cost-effective and sustainable solar energy solutions in Ghana and West Africa.

What is the warranty on solar panels?

Product guarantees are as follows: 20 year power guarantee on all solar panels. 5 year installation warranty and 5 year warranty on our Inverter systems. 5 year product warranty on all solar battery storage systems. It takes 3-5 working days to do the full installation for your home or business.
