

A-Core Container

Greece Su solar container custom manufacturer

Overview

What is a solarcontainer?

The Solarcontainer is a photovoltaic power plant that was specially developed as a mobile power generator with collapsible PV modules as a mobile solar system, a grid-independent solution represents. Solar panels lay flat on the ground. This position ensures maximum energy harvest Panels lays flat on the ground.

How many PV modules are in a solar container?

The innovative and mobile solar container contains 196 PV modules with a maximum nominal power rating of 130kWp, and can be extended with suitable energy storage systems. The lightweight, ecologically-friendly aluminium rail system guarantees a mobile solution with rapid availability. at full power.

Who is solarcont GmbH?

SolarCont GmbH was created through a cooperation between the two successful companies Hilber Solar GmbH from beautiful Tyrol and the company Gföllner Fahrzeugbau und Containertechnik GmbH, which is deeply rooted in Upper Austria. This cooperation makes it possible to develop a completely new type of mobile solar system.

What is a solarfold container?

The solarfold Container is an immaculately-detailed and sophisticated plug & play system for a wide range of applications. The mobile drive system consists of a flexible drive unit mounted on traverses and can also be used for other solarfold PV power plants.

What is a pre-assembled solar container?

Pre-assembled containers with fold solar panel. Deploy power in hours Perfect for remote locations, construction sites, events, and emergency response

situations. Our solar containers ensure fast deployment, scalability, customization, cost savings, reliability, and sustainability for efficient energy anywhere.

How many homes can a solarfold Container Supply?

The on-grid version of the solarfold container is connected directly to the public power grid and can supply up to 40 single-family homes with the energy produced (energy requirement of 3,500 kW/year/single-family house). The solarfold on-grid container can also be expanded with various storage solutions.
