Overview

Where to buy wholesale solar panels?

If you are looking for a place to buy wholesale solar panels, you've found it. A1 SolarStore offers PV modules from all over the world for competitive prices and with fast delivery. Let us tell you a little about the panels that we offer, how we deliver them and what kind of solar panel you might need.

Do wholesale solar panels come on pallets?

Our wholesale solar panels come on pallets, offering you the perfect wholesale solar panel solution for larger projects or resellers. Whether you're outfitting a commercial property or stocking up for a residential install, these pallets of solar panels provide high-quality performance at unbeatable prices.

Are Asian solar panels a good choice?

Asian PV modules are known for high efficiency and often provide very high output, which makes them probably the most popular choice when it comes to wholesale solar panels for sale for systems of a larger scope. However, their warranties for products are lower and quality issues are more frequent in comparison to US and European companies.

Why should you buy solar panels wholesale?

Solar panels can be very different in terms of cost, and several factors impact the final price, such as wattage, brand, type of panel, warranties, etc. Whatever brand you pick, its solar panel wholesale price is lower than retail, so you end up saving a lot.

Why should you buy a pallet of solar panels?

Whether you're outfitting a commercial property or stocking up for a residential install, these pallets of solar panels provide high-quality performance at unbeatable prices. Take advantage of bulk pricing and ensure your project has the reliable, clean energy it needs.

Are US solar panels a good choice?

However, the quality is there and the panels are sturdy and resilient. You could say that US brands are a good middle-of-the-road choice. Among the most popular USA brands of wholesale solar panels we could mention Mission Solar, Canadian Solar and Silfab. There are also a few brands that offer premium-class PV modules for home installations.
