

## A-Core Container

# Hungarian monocrystalline solar panel manufacturer

## Overview

---

Who are the largest solar installers in Hungary?

In the following we will present three large PV-Installers in Hungary. 1. BNRG Greenevolution (Budapest) BNRG Greenevolution was established in 2010 and is a prominent provider of comprehensive solar solutions that are intended to facilitate the realization of a sustainable future for Hungary.

Why is Hungarian solar energy so popular?

The Hungarian nation, characterized by a prevalence of sunshine and historical heritage, is witnessing a notable increase in the solar energy sector. The increasing emphasis on environmental sustainability and the establishment of ambitious national renewable energy targets are propelling this promising trend.

Which companies use solar panels?

Rena works with solar panels from different manufacturers such as Axitec , LG, JA Solar, REC, and Trinasolar. An example project is a ground-mounted solar park in Upszólca with a capacity of 6.5 MW. The company operates in Hungary, Germany, France, Austria, and the United Kingdom. 3. Goodwill Energy Zrt. (Budapest)
