

## A-Core Container

# Inverter power factor standard

Voltage range:691.2-947.2V

>6000 cycles(100%DOD)

Rated battery capacity:  
216KWH (customizable)

EMS communication:  
4G/CAN/RS485

## Overview

---

Inverters are generally designed to generate power at unity power factor, particularly at full power. The actual requirements vary, but one example is: The power factor must be greater than 0.90 for generated power greater than or equal to 50% of full power.
