

A-Core Container

Israeli monocrystalline solar panel BESS

Overview

The Negev Desert and the surrounding area, including the , are the sunniest parts of Israel, and little of this land is , which is why it has become the center of the Israeli solar industry. David Faiman thinks the energy needs of Israel's future could be met by building solar energy plants in the Negev. As director of Ben-Gurion National Solar Energy Center, he operates.
