

A-Core Container

Kenya BMS lithium battery custom manufacturer

Overview

Who are associated battery manufacturers?

Reliable, innovative batteries. Together for the long run. ABM (Associated Battery Manufacturers) is the only battery manufacturing company in Kenya, and the largest in East and Central Africa. We produce both vented and maintenance free batteries for automotive and solar use.

Who are associated battery manufacturers (ABM)?

ABM (Associated Battery Manufacturers) is the only battery manufacturing company in Kenya, and the largest in East and Central Africa. We produce both vented and maintenance free batteries for automotive and solar use. We pride ourselves on maintaining the highest possible standards of safety, ingenuity and environmental responsibility.

Is Kenya a key player in Africa's lithium market?

However, opportunities abound as the global demand for lithium surges due to its essential role in electric vehicle batteries and renewable energy storage. Kenya's untapped lithium reserves, particularly in the region surrounding Lake Victoria, position it as a potential key player in the African lithium market.

Is the lithium industry in Kenya a good investment?

The lithium industry in Kenya presents a dynamic landscape with several key considerations for interested parties. First, the regulatory framework is crucial; potential investors should familiarize themselves with the Mining Act and environmental regulations, which govern exploration and extraction activities.

What makes ABM a great battery manufacturer?

ABM dominates the battery market, offering high-quality options for various applications, ensuring reliability and durability across industries. ABM extends its battery manufacturing operations, providing dependable power solutions and fostering accessibility through strategic partnerships.
