

## A-Core Container

# Lesotho portable energy storage power supply price

## Overview

---

What's the average lithium battery price in Lesotho?

Residential systems (5-10kWh) range from \$2,800 to \$5,600 installed. Commercial projects often see economies of scale at \$240-\$260/kWh. How long do lithium systems last?

Most quality systems provide 8-12 years service with 80% capacity retention.
