Mobile energy storage station inverter in Palau

Overview

What is the Palau solar battery project?

The Palau Solar Battery Project will be the largest such project in the Western Pacific. It will lessen Palau's imported fuel dependency, a major step towards its ambitious goal of 100%.

What is Palau's energy storage system?

energy storage system, was undertaken by Solar Pacific Pristine Power, a privately owned company. The plant will provide approximately 20 per cent of Palau's power needs, delivering up to 23,000 megawatt hours per year to the grid network, reducing Palau's reliance on expensive diesel generators.

How can Palau reduce its dependency on imported diesel?

The project is helping to reduce Palau's dependency on imported diesel for power generation and move towards greater energy self-sufficiency through renewable sources. Over 20 percent of the construction workforce were women while 67 percent of management roles and 27 percent of engineering roles were held by women.
