

## A-Core Container

# New Energy 36 kWh Battery Cabinet

## Overview

---

What is a pwrcelltm Battery Cabinet?

The PWRcell™ Battery Cabinet is a Type 3R smart battery enclosure that allows for a range of storage configurations to suit any need. DC-couple to Generac PWRzone solar or PWRgenerator. No other smart battery offers the power and flexibility of PWRcell.

How many modules are in a pwrcell Battery Cabinet?

Inside of the PWRcell Battery Cabinet, battery modules are stacked two deep on three levels, allowing for up to six modules to be connected in series. You can upgrade an existing PWRcell Battery Cabinet by adding Battery Modules and a Module Spacer (APKE00008).

What is a pre-engineered stationary storage battery system?

Pre-engineered stationary storage battery system. An energy storage system consisting of batteries, a battery management system, components and modules that are produced in a factory, designed to comprise the system when assembled on the job site. Prepackaged stationary storage battery system.

How do you calculate a kWh rated energy storage system?

a. For electrochemical energy storage system units rated in Amp-Hours, kWh shall equal rated voltage times the Amp-hour rating divided by 1000 b. Shall include vanadium, zinc-bromine, polysulfide-bromide, and other flowing electrolyte type technologies 1206.12.4 Fire detection.
