.

Portable power stations are more powerful and cost effective than ever before. And, thanks to advances in lithium-ion battery technology, they're also lighter and more compact. Whether you've been dreaming of van life or are building out your emergency kit in advance of that next blackout, there is.

Our new top pick, the Bluetti Elite 200 V2, stood out for its exceptional battery capacity—among the highest of any model we tested that isn't a whole-house unit—plus its rugged build quality and reliable output. It's not the only high-performing option, however. All of the following models make.

After testing over 140 power stations and evaluating charging options, capacity, charge time and other features, we've narrowed down our top picks that can serve your needs, ranging from portability to whole home backup. Which is the best overall portable power station?

After countless hours of.

The Jackery 2000 v2 is the best power station for most people who need ample power when off-grid camping, at home, or for an extended blackout. Recently price-reduced, it can now be found for under \$800 on Amazon. At 39 lbs, it is light enough that most people will find it easy to pack and move.
