

## A-Core Container

# Outdoor rooftop base station integrated cabinet

## Overview

---

Can a base station be built inside OUTD cabinets?

A whole base station can be built inside our OutD cabinets. Our OutD series includes multiple wall structure alternatives for protecting telecom equipment in the best possible way, from a single-layer wall construction with light and cost-effective design to a multilayer construction designed for more demanding conditions.

What are the different types of wall structure alternatives for telecom equipment?

Our OutD series includes multiple wall structure alternatives for protecting telecom equipment in the best possible way, from a single-layer wall construction with light and cost-effective design to a multilayer construction designed for more demanding conditions. Delta's patented multi-point locks deny intruders entry to the cabinet.

What are Delta OUTD cabinets?

Available in different configurations, Delta OutD cabinets are designed to protect equipment from external threats in all climates from the tropics to the arctic. In addition to traditional cooling methods, Delta's new hybrid cooling options revolutionize the cost structure of thermal management.
