PV Inverter Warranty

Overview

What is a solar inverter product warranty?

Also known as a materials warranty, a solar inverter product warranty covers the integrity of the equipment itself. If your solar inverter has a defect or mechanical issue, if it breaks, or experiences unreasonable wear and tear, that's where your product warranty comes into play.

What are the limitations of a solar inverter warranty?

These are the common limitations and exceptions found in solar inverter warranties and their implications for owners: 1. Transferability: Several solar inverters having a warranty period of 25 to 30 years, offer transfer to new homeowners.

Does a string inverter have a warranty?

Most string inverters come with a 5- to 12-year warranty, though some manufacturers offer extended warranty options for added protection. Since a string inverter failure affects multiple solar panels at once, it can cause significant system downtime. Some warranties cover replacement costs, but labor and shipping fees may not always be included.

How long do inverter warranties last?

Inverter warranties vary by manufacturer and inverter type. String inverters typically come with 10-12 years of warranty coverage, whereas microinverters and power optimizers are often covered for 25 years.

How do I apply for a solar inverter's warranty claim?

If you're planning to apply for a solar inverter's warranty claim, the process might vary depending upon the manufacturer, and it is important to follow these steps: Check that your warranty is registered with the manufacturer during the installation. Identify the issue by detecting the error codes on the inverter's display to identify the issue.

Do inverters have extended warranties?

Some manufacturers offer extended warranties for an additional cost, but coverage varies. While a standard inverter warranty typically covers defects and failures, extended warranties may extend coverage for parts, but not always labor or service costs. Some manufacturers provide refurbished replacements instead of new units.
