What is IFC's rooftop solar energy facility in Gaza?

The Palestine Real Estate Investment Co's (PRICO) rooftop solar energy facility is IFC's first large-scale solar energy installation in Gaza and is supported by the IFC-Canada Climate Change Program.

What is the largest solar installation in Gaza?

PRICO is the largest solar installation in Gaza and the first one for which an ad-hoc grid integration solution has been developed with the grid operator to ensure power evacuation and 24/7 continuity of supply. This is a standard-setting benchmark that is replicable and scalable in other locations.

Will convalt energy revive solar panel manufacturing?

For years, the commitment to solar panel manufacturing has been missing in America. Convalt Energy is on track to revive this industry by becoming America's second-largest mono-crystalline solar panel manufacturer. Convalt started developing power generation projects in Asia and Africa.

Is convalt developing a solar project in Chad?

Convalt is developing a 120 MW solar project to service the capital region of Chad – namely N'Djamena. Convalt is developing a series of rural electrification projects across Sierra Leone for an aggregate of 60 MW. Convalt is developing a 30 MW solar project at N'Djamena International Airport in the Republic of Chad.
