# Panama Multifunctional Home Inverter

## Overview

---

What is a multi-function hybrid inverter?

**Multi-Function Hybrid Inverter:** This is an off grid multi-function inverter/charger, combining the functions of an inverter, solar charger, and battery charger to offer uninterruptible power support with portable size. Equipped with PWM solar charge controller to maximize and regulate DC power from the solar array to charge the battery bank.

What types of appliances can an inverter power?

This all in one inverter can power all kinds of appliances in a home or office environment, including motor-type appliances such as tube lights, fans, refrigerators, air conditioners, laptops, etc.

What are the protection measures for a hybrid 24V inverter?

There are six main protection measures for the inverter hybrid 24V: short circuit protection, over-temperature protection, over-load protection, low voltage protection, over-voltage protection, and reverse polarity protection. A built-in silent cooling fan will effectively rotate at a different speed according to power load and temperature.
