Portable Power Storage in Sao Tome and Principe

Overview

Where can I install solar panels in São Tomé?

São Tomé is an ideal location for solar energy. Solar panels can be installed in existing buildings or in stand alone 20 foot containers with the help of Offgridinstaller, who can supply and fit any size of solar system with high quality lithium ion battery storage which can generate and power year round storage.

Are there power plugs in Sao Tome & Principe?

The power plugs in Sao Tome & Principe are the standard European 220V dual-pin power plugs. Everyone except mainland Europeans will have to bring a power adapter. Power cuts are very normal, so be sure to bring a flashlight. Very few villages outside the capital have electricity.

What is the population of Sao Tome and Principe?

The famous volcanic plug 'Pico Cao Grande' is 663 m high and popular with tourists. The main island, Sao Tome, has most of the 200,000 population, while Principe has only 8,000 people. The islands total 1,000 km².
