Qualified solar panel products

Overview

Are Hanwha qcells solar panels on the EPEAT registry?

Hanwha Qcells' world-class panels will now appear on the EPEAT registry, allowing customers to easily find products that meet their environmental, sustainability, and governance (ESG) goals. The addition of Hanwha Qcells' panels to the EPEAT registry activates the U.S. Federal Acquisition Regulation (FAR) — a first for solar panels.

What certifications do solar panels need?

This includes the PVEL annual PV Module Reliability Scorecard Report and the TÜV Rheinland Quality Controlled certification for PV modules. Most leading solar panel manufacturers allow these independent testing organisations to test their panels and will supply a certificate of compliance.

Are our solar panels CE certified?

Our factory is ISO9001:2008 certified and our solar panels are CE certified. Our solar products have won a good reputation in both domestic and overseas markets. Up to now, we've exported our solar panels and solar systems to North America, South America, Europe, Africa, Southeast Asia, etc.

Who makes poly 72 solar panels?

Poly 72 cells, Factory direct outlet Hebei Oushang Photovoltaic Technology Co., Ltd. is one of the top photovoltaic module manufacturers in China and has an annual production capacity of 500MW. Our reliable solar panels have been proven to perform in diverse climates and environments all over the world under the sun.

What makes China's solar panel manufacturing industry unique?

In conclusion, China's solar panel manufacturing industry stands at the forefront of global renewable energy efforts, offering a vast array of high-quality products from leading manufacturers like Primroot.com, Jinko Solar,

Trina Solar, and LONGi Green Energy.

Who makes Canadian solar panels?

See the detailed Canadian Solar panels review. Tindo Solar is currently the only Australian solar panel manufacturer and is well-regarded by installers and customers alike. The company only uses high-quality mono PERC & TOPcon cells in the newly constructed manufacturing facility near Adelaide.
