To put it simply, a solar charger uses a solar panel to charge devices; there is no backup battery. This is perfect for extended camping or backpacking trips because they're lighter, and larger panels keep your personal electronics charged up while t.

When it comes to a lightweight, smart way to stay charged on-the-go, you can't go wrong with the Solargaard power bank - making it my top pick for the best solar power bank overall. It holds up to five charges, so you can be sure you won't end up with any dead devices, no matter where you are. Its solar panels let you charge it up with some sunligh.

First off, please note that this is not a power bank, but an ideal camping solar charger/power source for group base camp or car camping. When you're off the grid, this durable Goal Zero solar panel will provide all the power you need for your group's mobile phones, laptops, tablets, and any other electronically-powered camping devices. The integra.

The best part about MPOWERD products is that they're so versatile and travel-friendly while being really cool and sleek.
